Inder this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

ntirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

n important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

n agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder: **Boldface text indicates new matter**.

[Bracketed text indicates matter being deleted.]

Title 5—DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION Division 20—Division of Learning Services Chapter 400—Office of Educator Quality

PROPOSED RULE

5 CSR 20-400.375 Districts Effectively Evaluating Educators

PURPOSE: The growth and learning of children is the primary responsibility of those who teach in our classrooms and lead our schools. Student growth and learning can be observed and measured. Educators, in partnership with students, parents, and community, are accountable for ensuring the improvement of student achievement. Effective educator evaluation systems promote the improvement of professional practice resulting in the improvement of student performance.

- (1) Pursuant to section 168.128, RSMo, the board of education of each school district shall maintain a comprehensive, performance-based evaluation for each teacher employed by the district. It is required that these evaluations shall be ongoing and of sufficient specificity and frequency to provide for demonstrated standards of competency and academic ability. With the primary goal of improving educator quality to promote high levels of student learning, the Department of Elementary and Secondary Education (department) establishes the following principles of effective evaluation:
- (A) The evaluation process should use research-based performance targets aligned with state model teacher and leader standards;
- (B) The evaluation process should establish indicators of performance articulated across differentiated levels with standards specifying expectations at all levels of practice;
- (C) The evaluation process should be aligned with the probation period for the educator as specified in state law and provide for the accurate and appropriate accumulation of performance data;
- (D) The evaluation process should use student growth in learning as a significant contributing factor in the evaluation of practice at all levels, using a wide variety of student performance measures;
- (E) The evaluation process should assess performance on a regular basis, providing timely feedback from multiple sources that promotes formative development at all career stages and supporting overall improvement;
- (F) The evaluation process should be designed to ensure that evaluators who collect evidence of performance and provide feedback are highly trained and objective, ensuring that ratings are fair, accurate, and reliable; and
- (G) The evaluation process should be designed to guide district decisions regarding determinations of status, recognition, development, interventions, and policies that impact student learning in the system.
- (2) These essential principles outlined here are the overall framework of Missouri's model Educator Evaluation System. School districts not electing to adopt the state model shall align their local evaluation process to these same principles and shall submit their process to the department for review and approval.

AUTHORITY: section 161.092, RSMo Supp. 2012, and section 168.128, RSMo 2000. Original rule filed April 22, 2013.

PUBLIC COST: This proposed rule will cost approximately nine hundred thousand dollars (\$900,000) for the initial training cost and three hundred thousand dollars (\$300,000) recurring cost each year from the department's revolving fund.

PRIVATE COST: This proposed rule will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the Department of Elementary and Secondary Education, Attention: Paul Katnik, Interim Assistant Commissioner, Office of Educator Quality, PO Box 480, Jefferson City, MO 65102-0480, or by email to educatorquality@dese.mo.gov. Title 13—DEPARTMENT OF SOCIAL SERVICES Division 35—Children's Division Chapter 32—Child Care

PROPOSED RULE

13 CSR 35-32.040 Hand-Up Pilot Program

PURPOSE: This rule establishes the Hand-Up Pilot Program, herein known as the program, which is designed to allow persons currently receiving child care benefits and who experience an increase in income that causes them to exceed the allowed monthly income guidelines for full child care benefits to continue receiving child care while sharing in the cost. The goal of the Hand-Up Pilot Program is to reduce the sudden loss of child care assistance as participants move towards self-sufficiency.

- (1) To be eligible for the program the participant shall—
- (A) Have received full child care benefits as specified in 13 CSR 35-32.010 continuously since August 28, 2012;
- (B) Be ineligible for services because their income exceeds the allowed monthly income guidelines for full child care services pursuant to 13 CSR 35-32.010;
- (C) Meet Child Care Assistance program requirements as specified in 13 CSR 35-32.010:
- (D) Voluntarily consent to be included in the program within ninety (90) days after losing eligibility based on income;
- (E) Agree to pay a monthly premium as specified in section (4) of this rule; and
- (F) Have a calculated premium less than the amount of the child care benefit.
- (2) The division shall specify at least two (2) providers for the pilot program based on the following criteria:
- (A) At least one (1) provider shall be located in at least one (1) rural county:
- (B) At least one (1) provider shall be located in at least one (1) urban county and serve at least three hundred (300) families;
- (C) The providers shall have a valid license issued by the Department of Health and Senior Services, Section for Child Care Regulation;
- (D) The providers must have a current contract with the Department of Social Services (department) to provide child care services:
- (E) The providers must agree to be a provider in this program and to abide by section (3) of this rule; and

- (F) The designation of the providers under this section is at the discretion of the department. The decision as to the providers who will participate in the pilot program is not subject to review by providers not chosen to participate in the pilot.
- (3) The chosen providers by the department shall—
- (A) Have a valid child care license in good standing issued by the Department of Health and Senior Services during their participation in the pilot program;
- (B) Remain compliant with their contract with the Department of Social Services and follow all contract terms in the billing for child care services rendered to participants in this program; and
- (C) Follow contract terms for participants in this program, unless the department, at its sole discretion and in writing, waives a term for participants in this program.
- (4) The participant shall pay a monthly premium to participate in this program.
- (A) The participant's premium shall be forty-four percent (44%) of the participant's excess adjusted gross income over the maximum allowed monthly income for the applicable family size as of August 28, 2012. The participant will be informed as to their monthly premium by first class mail, at least fifteen (15) days prior to the due date.
- (B) The premium shall be due on or before the last day of the month for which coverage is calculated.
- (C) After sixty (60) days of non-payment by the participant, the participant shall be permanently removed from the program.
- (D) If the option is made available, the participant may request to have their premium deducted from their monthly payroll.
- (5) The division shall issue a notice of adverse action for this program in the same manner and context for which it issues notices of adverse actions on child care cases. The individual shall be provided a fair hearing upon request, within ninety (90) days after the adverse action has been issued. The existing hearings process outlined in 13 CSR 40-2.160 shall apply to hearings and appeals related to this program.
- (6) Any participant may opt out of this program at any time. Once a participant has opted out of the program, or been terminated for non-payment of premiums, they shall not be allowed to participate in the program again.

AUTHORITY: section 208.053, RSMo Supp. 2012. Original rule filed May 1, 2013.

IV. ASSUMPTIONS

It is assumed that 37 families in the metropolitan area and 9 families in the rural area would be at risk of losing child care due to an increase in household wages. It is further assumed that the family income exceeds the eligibility level by \$1/hour.

If 75% (34 families) of those households participate in the hand up program and pay a monthly premium of \$76.12 and taxes of \$10.38 with a 4% delinquency on premium payments, the net cost to general revenue is \$52,272 for FY13; \$48,103 for FY14, and \$48,825 for FY15.

If 25% (11 families) of those households participate in the hand up program and pay a monthly premium of \$76.12 and taxes of \$10.38 with a 4% delinquency on premium payments, the net cost to general revenue is \$62,998 for FY13; \$69,555 for FY14; and \$70,728 for FY15.

The fiscal impact of this legislation ranges from a net cost in General Revenue depending upon the participation rate of clients, reductions due to delinquent payments, etc.

There are no federal funds to support the Hand-Up program. Additional General Revenue is needed to support the program, as premiums alone cannot support the Hand-Up program.

IV. ASSUMPTIONS

Hand Up Program participation is voluntary on the part of the parent receiving child care assistance. While a 44% premium on the increased wages would be paid by the parent, the parent will remain eligible for child care assistance that would have otherwise ended due to exceeding the income eligibility guidelines. Therefore, parents who choose to access this pilot program will realize a net benefit through their participation. In addition, this program may have the impact of allowing a parent to accept a wage increase that they may have turned down if it would have caused them to lose their child care benefit.

It is assumed that 37 families in the metropolitan area and 9 families in the rural area would be at risk of losing child care due to an increase in household wages. It is further assumed that the family income exceeds the eligibility level by \$1/hour.

Households eligible to participate in the hand up program may pay a monthly premium of \$76.12 or annual premium amount of \$913.44. If 11 families (Hand-Up program participants) participate the aggregated annual cost would be \$10,049. If 34 families (Hand-Up program participants) participate the aggregated annual cost would be \$31,057.

PROPOSED AMENDMENT

15 CSR 30-52.015 Applications for Registration. The commissioner of securities is amending section (1).

Title 15—ELECTED OFFICIALS Division 30—Secretary of State Chapter 52—Registration of Securities

PROPOSED AMENDMENT

15 CSR 30-52.275 Small Company Offering Registrations (formerly Missouri Issuer Registration). The commissioner of securities is amending sections (1) and (3).

PURPOSE: The purpose of this amendment is to correct inaccuracies and clarify citations, within the original rule. As it currently reads, the rule inaccurately attributes to the Securities Division certain powers held by the commissioner (the commissioner is the one who incorporates by reference North American Securities Administrators Association, Inc. (NASAA) statements of policy). Accordingly, the amendment changes the relevant language from "Securities Division" to "commissioner of securities." The current rule also contains a provision outlining different financial statements requirements for SCOR offerings over \$1 million, which is inaccurate, because under the NASAA statement of policy incorporated by reference in section (1), a SCOR offering must be under \$1 million. Lastly, for clarification, the amendment pinpoints the 15 CSR 30-52.025 citation to 15 CSR 30-52.025(3).

- (1) The [Securities Division] commissioner of securities hereby incorporates by reference the North American Securities Administrators Association, Inc. (NASAA) Statement of Policy Regarding Small Company Offering Registrations (SCOR), as adopted by NASAA, 750 First Street, NE, Suite 1140, Washington, DC 20002, on April 28, 1996, and available at http://www.nasaa.org/industry-resources/corporation-finance/scor-overview/scor-statement-of-policy/. This rule does not incorporate any subsequent amendments or additions.
- (3) Financial Statements. The financial statements for SCOR offerings [over one (1) million dollars shall comply with 15 CSR 30-52.025. The financial statements for SCOR offerings up to one (1) million dollars shall also] shall comply with 15 CSR 30-52.025(3), but only need to be reviewed as determined under the NASAA Statement of Policy Regarding SCOR.

AUTHORITY: sections 409.3-304, 409.3-305, 409.3-306, 409.3-307, and 409.6-605, RSMo Supp. [2003] 2012. Original rule filed Nov. 1, 1996, effective June 30, 1997. For intervening history, please consult the Code of State Regulations. Amended: Filed April 23, 2013.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Office of the Secretary of State, Securities Division, Andrew M. Hartnett, Securities Commissioner, PO Box 1276, Jefferson City, MO 65102. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.

Additionally, 15 CSR 30-54.010(3) incorrectly references section 409.2-210(7), RSMo. This amendment changes 15 CSR 30-54.010(3) to correctly reference section 409.2-201(7), RSMo.

- (2) The burden of proof that the offer and sale of large blocks of securities by any person or of any securities by controlling persons (15 CSR 30-50.010(1)[(H)](I)) is not directly or indirectly for the benefit of the issuer and therefore eligible for the nonissuer exemptions of section 409.2-202 of the Act, is upon the person claiming the exemption (section 409.5-503, RSMo). RESPONSE AND EXPLANATION OF CHANGE: The department agrees with the staff and will delete subparagraph (2)(C)8.B. from the rule.

10 CSR 40-8.070 Applicability and General Requirements

- (2) Applicability. 10 CSR 40-3-10 CSR 40-9 apply to all coal exploration and surface coal mining and reclamation operations, except the following:
- (C) This subsection implements the exemption contained in section 444.815.6(3) of the Surface Coal Mining Law concerning the extraction of coal incidental to the extraction of other minerals where coal does not exceed sixteen and two-thirds percent (16 2/3%) of the total tonnage of coal and other minerals removed for purposes of commercial use or sale.
- 1. As used in subsection (2)(C), the following terms have the meanings specified, except where otherwise indicated:
- A. Cumulative measurement period means the period of time over which both cumulative production and cumulative revenue are

measured-

- (I) For purposes of determining the beginning of the cumulative measurement period, subject to regulatory authority approval, the operator must select and consistently use one (1) of the following:
- (a) For mining areas where coal or other minerals were extracted prior to August 3, 1977, the date extraction of coal or other minerals commenced at that mining area or August 3, 1977; or
- (b) For mining areas where extraction of coal or other minerals commenced on or after August 3, 1977, the date extraction of coal or other minerals commenced at that mining area, whichever is earlier; and
- (II) For annual reporting purposes pursuant to paragraph (2)(C)11. of this rule, the end of the period for which cumulative production and revenue is calculated is either for mining areas where—
- (a) Coal or other minerals were extracted prior to October 1, 1992, September 30, 1992 and every September 30 after that; or
- (b) Extraction of coal or other minerals commenced on or after October 1, 1992, the last day of the calendar quarter during which coal extraction commenced and each anniversary of that day after commencement;
- B. Cumulative production means the total tonnage of coal or other minerals extracted from a mining area during the cumulative measurement period. The inclusion of stockpiled coal and other mineral tonnages in this total is governed by paragraph (2)(C)8. of this rule;
- C. Cumulative revenue means the total revenue derived from the sale of coal or other minerals and the fair market value of coal or other minerals transferred or used, but not sold, during the cumulative measurement period;
- D. Mining area means an individual excavation site or pit from which coal, other minerals and overburden are removed; and
- E. Other minerals means any commercially valuable substance mined for its mineral value, excluding coal, topsoil, waste and fill material.
- 2. Collection of information procedures are described in the following:
- A. The collections of information contained in paragraphs (2)(C)3., 4., 5., 7. and 10. of this rule have been approved by the Land Reclamation Commission. The information will be used to determine the initial and continuing applicability of the incidental mining exemption to a particular mining operation. Response is required to obtain and maintain the incidental mining exemption in accordance with section 444.815.6(3) of the Surface Coal Mining Law; and
- B. Public reporting burden for this collection of information is estimated to average one (1) hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to Director, Land Reclamation Program, PO Box 176, Jefferson City, MO 65102.
- 3. Application requirements and procedures shall be completed as described in the following:

A. New operations.

- (I) Any person who plans to commence or continue coal extraction after November 30, 1990, in reliance on the incidental mining exemption, shall file a complete application for exemption with the regulatory authority for each mining area.
- (II) Following incorporation of an exemption application approval process into a regulatory program, a person may not commence coal extraction based upon the exemption until the regulatory authority approves the application, except as provided in part (2)(C)3.E.(III) of this rule;
 - B. Existing operations. Any person who has commenced coal

extraction at a mining area in reliance upon the incidental mining exemption prior to November 30, 1990 may continue mining operations for sixty (60) days after (January 29, 1991) the effective date (November 30, 1990). Coal extraction may not continue after the sixty- (60-) day period unless that person files an administratively complete application for exemption with the regulatory authority. If an administratively complete application is filed within sixty (60) days, the person may continue extracting coal in reliance on the exemption beyond the sixty- (60-) day period until the regulatory authority makes an administrative decision on the application;

- C. Additional information. The regulatory authority shall notify the applicant if the application for exemption is incomplete and may at any time require submittal of additional information;
- D. Public comment period. Following publication of the newspaper notice required by subparagraph (2)(C)4.I. of this rule, the regulatory authority shall provide a period of no less than thirty (30) days during which time any person having an interest which is or may be adversely affected by a decision on the application may submit written comments or objections;
 - E. Exemption determination.
- (I) No later than ninety (90) days after filing of an administratively complete application, the regulatory authority shall make a written determination whether, and under what conditions, the persons claiming the exemption are exempt under this part and shall notify the applicant and persons submitting comments on the application of the determination and the basis for the determination.
- (II) The determination of exemption shall be based upon information contained in the application and any other information available to the regulatory authority at that time.
- (III) If the regulatory authority fails to provide an applicant with the determination as specified in part (2)(C)3.E.(I) of this rule, an applicant who has not begun may commence coal extraction pending a determination on the application unless the regulatory authority issues an interim finding, together with reasons for this finding, that the applicant may not begin coal extraction; and
 - F. Administrative review.
- (I) Any adversely affected person may request administrative review of a determination under subparagraph (2)(C)3.E. of this rule within thirty (30) days of the notification of the determination in accordance with procedures established under Chapter 536, RSMo.
- (II) A petition for administrative review filed under Chapter 536, RSMo shall not suspend the effect of a determination under subparagraph (2)(C)3.E. of this rule.
 - 4. An application for exemption, at a minimum, shall include:
 - A. The name and address of the applicant;
 - B. A list of the minerals sought to be extracted;
- C. Estimates of annual production of coal and the other minerals within each mining area over the anticipated life of the mining operation;
- D. Estimated annual revenues to be derived from bona fide sales of coal and other minerals to be extracted within the mining area:
- E. Where coal or the other minerals are to be used rather than sold, estimated annual fair market values at the time of projected use of the coal and other minerals to be extracted from the mining area;
- F. The basis for all annual production, revenue and fair market value estimates;
- G. A description, including county, township, if any, and boundaries of the land, of sufficient certainty that the mining areas may be located and distinguished from other mining areas;
- H. An estimate to the nearest acre of the number of acres that will compose the mining area over the anticipated life of the mining operation;
- I. Evidence of publication, in a newspaper of general circulation in the county of the mining area, of a public notice that an application for exemption has been filed with the regulatory authority (the public notice must identify the persons claiming the exemption and must contain a description of the proposed operation and its locality

that is sufficient for interested persons to identify the operation);

- J. The representative stratigraphic cross-section(s) based on test borings or other information identifying and showing the relative position, approximate thickness and density of the coal and each other mineral to be extracted for commercial use or sale and the relative position and thickness of any material, not classified as other minerals, that also will be extracted during the conduct of mining activities:
- K. A map of appropriate scale which clearly identifies the mining area;
- L. A general description of mining and mineral processing activities for the mining area;
- M. A summary of sales commitments and agreements for future delivery, if any, which the applicant has received for other minerals to be extracted from the mining area, or a description of potential markets for the minerals;
- N. If the other minerals are to be commercially used by the applicant, a description specifying the use;
- O. For operations having extracted coal or other minerals prior to filing an application for exemption, in addition to the information required, the following information also must be submitted:
- (I) Any relevant documents the operator has received from the regulatory authority documenting its exemption from the requirements of the surface coal mining law;
- (II) The cumulative production of the coal and other minerals from the mining area: and
- (III) Estimated tonnages of stockpiled coal and other minerals; and
- P. Any other information pertinent to the qualification of the operation as exempt.
- 5. Public availability of information is defined and shall be handled as described in the following:
- A. Except as provided in subparagraph (2)(C)5.B. of this rule, all information submitted to the regulatory authority under subsection (2)(C) shall be made available immediately for public inspection and copying at the local offices of the regulatory authority having jurisdiction over the mining operations claiming exemption until at least three (3) years after expiration of the period during which the subject mining area is active;
- B. The regulatory authority may keep information submitted to the regulatory authority under this part confidential if the person submitting it requests in writing, at the time of submission, that it be kept confidential and the information concerns trade secrets or is privileged commercial or financial information of the persons intending to conduct operations under this rule; and
- C. Information requested to be held as confidential under subparagraph (2)(C)5.B. of this rule shall not be made publicly available until after notice and opportunity to be heard is afforded persons both seeking and opposing disclosure of the information.
 - 6. Requirements for exemption.
- A. Activities are exempt from the requirements of the surface coal mining law if all of the following are satisfied:
- (I) The cumulative production of coal extracted from the mining area determined annually as described in this rule does not exceed sixteen and two-thirds percent (16 2/3%) of the total cumulative production of coal and other minerals removed during that period for purposes of a bona fide sale or reasonable commercial use;
- (II) Coal is produced from a geological stratum lying above or immediately below the deepest stratum from which other minerals are extracted for purposes of a bona fide sale or reasonable commercial use; and
- (III) The cumulative revenue derived from the coal extracted from the mining area determined annually shall not exceed fifty percent (50%) of the total cumulative revenue derived from the coal and other minerals removed for purposes of a bona fide sale or reasonable commercial use. If the coal extracted or the minerals removed are used by the operator or transferred to a related entity for use instead of being sold in a bona fide sale, then the fair market

value of the coal or other minerals shall be calculated at the time of use or transfer and shall be considered rather than revenue.

- B. Persons seeking or that have obtained an exemption from the requirements of the surface coal mining law shall comply with the following:
- (I) Each other mineral upon which an exemption under this rule is based must be a commercially valuable mineral for which a market exists or which is mined in bona fide anticipation that a market will exist for the mineral in the reasonably foreseeable future, not to exceed twelve (12) months from the end of the current period for which cumulative production is calculated. A legally binding agreement for the future sale of other minerals is sufficient to demonstrate this standard: and
- (II) If either coal or other minerals are transferred or sold by the operator to a related entity for its use or sale, the transaction must be made for legitimate business purposes.
 - 7. A person conducting activities covered by this rule shall—
- A. Maintain on-site or at other locations available to the commission and its representatives and the secretary information necessary to verify the exemption including, but not limited to, commercial use and sales information, extraction tonnages and a copy of the exemption application and exemption approved by the regulatory authority;
- B. Notify the regulatory authority upon the completion of the mining operation or permanent cessation of all coal extraction activities; and
